Operated in Nine States

# AdventHealth Strategic Supply Chain

**Marisa Farabaugh**

SVP Chief Supply Chain Officer

## Strategic Sourcing

Sources products at best price points, manages contracts, and works closely with AH clinical team through value analysis processes and major initiatives.

## Analytics

Uses data to process and track trends, drive decisions, and support all facets of the supply chain team from product cost to utilization. Manages affiliate program.

## Operations

Works closely with supply chain leadership at each region and facility, and directs warehouse and corporate construction teams.

## Corporate Pharmacy

Develops pharmacy strategy and provides oversight to the employee mail-order prescription operation.

## Ancillary Services

Provides governance and strategy for system ancillary services in conjunction with AH Clinical (pharmacy, laboratory, imaging, and respiratory services).

# Resiliency

**AdventHealth will create a resilient resource chain to mitigate risk from global disruptions.**

## People

**AdventHealth will be a destination for the nation's best supply chain and ancillary talent and will strengthen strategic partnerships throughout the industry.**

## Process and Product

**AdventHealth supply chain and ancillary teams will remain clinically-focused while creating sustainable value and re-engineering current processes.**

## Technology

**AdventHealth will create a digital ecosystem, giving supply chain and ancillary teams access to clean, actionable data that will inform strategic decisions.**

**Incremental**  
**Focus × Relationships =**  
**Innovation**

**Opportunity –  
Noise**

Extending the Healing Ministry of Christ
