

# - FLORIDA CHAPTER OF - AHRMM

## Monthly Memo From The Board

Summer 2021

Hello to the Florida Chapter of AHRMM members,

It is with great pride that our chapter successfully completed the first face-to-face education event since the COVID-19 pandemic while simultaneously hosting our first virtual event in our chapter's history. We held our summer conference in Tampa in June where over 100 attendees joined us in person and virtually. The hard work, persistence and dedication that our board exemplifies was evident in the success of this event.

I would like to thank Dr. Haru Okuda, Executive Director of CAMLS, and his staff for hosting our event. I appreciate all of the participants who followed the COVID protocols and safety guidelines to help make our meeting safe.

A special thanks goes to John Couris, President and CEO of Tampa General Hospital for "Sharing the TGH Purpose" with our group. The innovation and investments that TGH is making in our community is exciting.

I would like to thank all of the speakers who participated. The curriculum was well thought out and the education was as relevant as ever given the times.

Our Florida AHRMM Chapter provided an exceptional day of education and learning for our members, sponsors, and partners both live and virtually.

The ability to get together in-person and virtually was a blessing to us all, we appreciate all of the collaboration with our sponsors and members to make this event the success that it was. It is more evident than ever the importance of the healthcare supply chain in the success of patient care in all of our communities. Healthcare supply chain leaders along with their supplier partners now have the opportunity to apply the lessons learned to improve the resilience and serve as leaders in nourishing substantial change throughout their organizations.

Thank you,

Rick Laird  
FI AHRMM President
