Monthly Memo From The Board

February 2021

To the Florida AHRMM Membership:

As we adapt to this new world in many areas of our lives, both personally and professionally, the FL AHRMM chapter is committed to adapting too. While we may not be able to see each other in-person this year, the board is working on planning virtual engagements and other initiatives to bring value and best in class education to the membership. We will begin by sending ongoing messages like this one to the chapter from each board member to highlight chapter updates, what's happening in our worlds, and any other insightful material to ensure we continue to grow professionally. We will also be reaching out to our members, sponsors and partners to continue collaborating on new ideas and topics.

I do want to take a moment to thank each of the healthcare leaders, providers, and supplier members for dedicating your everyday focus in finding solutions across this challenging but exciting industry of healthcare supply chain. 2020 showed us more than ever the importance of collaborating with our strategic partners, and how team work really does make the dream work.

Thank you,

Rick Laird
